

Specs and Dimensions

THE TURBOCHEF TORNADO

CONSTRUCTION

EXTERIOR

- 430 Stainless steel front, top and sides.
- 4" (101.6 mm) chrome plated adjustable legs
- Nickel plated handle
- Cool to the touch pull down door

INTERIOR

- 304 Stainless steel cook cavity
- Fully insulated cooking chamber
- Removable wire cooking rack
- Adjustable lower cooking element

STANDARD FEATURES

- Recirculating air path with TurboChef Technologies patented catalytic converter system
- Multi-speed convection blower
- Conventional wire baking rack
- Independently controlled bottom browning element
- Smart Voltage Sensor Technology
- Programmable with up to 128 cooking programs
- Stackable design
- Manual Sleep Mode
- Warranty - 1 year parts and labor
- Packaging - Double-wall corrugated box banded to wooden skid
- Optional ceramic baking surface

CERTIFICATIONS

UL, cUL, NSF, FDA, FCC

DIMENSIONS

	EXTERIOR	COOK CAVITY
Height	23" (with 4" legs)	8"
Width	26"	15.5"
Depth	25.7"	14.7"
	28.2" (with handle)	
Weight	190 lbs.	

CLEARANCE

WALL	ENTRY (MINIMUM)	
Back	0" (none)	Uncrated 24"
Sides	2"	Crated 31"

POWER SUPPLY - NORTH AMERICA

SMART VOLTAGE SENSOR TECHNOLOGY

- Universal Voltage: 208/240 VAC*, 60Hz, 1 phase
- Amperage: Nameplate rating 30 Amp (3-wire including ground)
- Cordset: 10 gauge, 3 conductor, 5 foot cordset
- Plug: NEMA 6-30
- Max Input: 5990/6675 watts
- Microwave Input: 3500 watts

*NOTE: The Smart Voltage Sensor Technology does not compensate for lack of, or over voltage situations. It is the responsibility of the owner to supply voltage to the unit according to the above specifications.

TurboChef reserves the right to make substitutions of components or change specifications without prior notice. Multiple patents pending.
