- Stylish and compact
  - The WP/WC is attractively designed and is tough enough to withstand everyday professional use. It offers the perfect combination of compact footprint and a spacious platter manufactured in high quality stainless steel.
- Remarkably affordable
- Simple touch key operation
- Wipe clean keypad with audible “beep”
- Fully automatic zero correction
- Stainless steel weighing platter
- Very fast response to weight changes
- Resolutions up to 30 lb. x .005
  - Whatever you want to weigh, from delicate items to product in bulk, the WP/WC delivers the capacity and resolution you need.
- Powered by six D-cell batteries or AC adaptor
  - The WP/WC gives you the power to use your scale in most weighing situations, by offering a choice of electric or battery power. Take advantage of the battery option and the unit is instantly portable, offering up to 800\* hours of continuous operation without the need to recharge or replace the batteries  
(\*Subject to the quality of batteries used.)
- Large LCD display
- Optional rechargeable module charges in or out of scale
- Up to 20 PLU memory locations store pricing for your most popular items
- Digital load cell – finer resolution than competing units
- Add key – add pricing of weighed and non-weighed items for up to 99 transactions
